## Don't Take our word for it, We're Trusted Around the World

**Mohammed Sahil Taiyebi**

They've been my **Brand partner for the past two years**, helping me with **Branding, Interior Branding, Marketing, Packaging Design & Print Media**, and also with the **PR Launch** event of my packaging boxes. I've loved the process and the prominent ad ideas & the experience I get every time I sit down for a consulting meeting with the team.

**Shanavas Mohammed**

The Team is intellectual and picks on the design ideology within the start of the process of making the brand known throughout **social media**, I am personally satisfied with the marketing they've done and the designs they've sent, and the website they've developed, From **Menu, Franchise Portfolio & Company Profile, Digital Marketing & Website**, it was on point.

**Koby Jones**

The team helped us in **rebranding, designing our sales pitch, brochures & website elements** the team was very apt and understood our design ideology from our first few briefing meetings. During the agency selection process, we made sure to go with the best design agency we could find and we were able to finalize **Surreal International** as our Design partner.

**Søren Drewsen**

I couldn't work with the team personally and that would be my number one regret, the final pitch deck they submitted was **on point** and like my team indicated every one had a wonderful time working with them. I don't have much to say about the quality because it was on point & **up to my expectations**. Truly a **Surreal Experience**.

## 💡 We Love Empowering Women Owned Brands 💡

**Suhela Motiwala**

The team has been a **great support** for my **Branding, Website design & Launch** of my Brand, I was too busy setting up my business's physical infrastructure from getting equipments to hiring the right team, they've been solely invested in getting my **brand's digital infrastructure** ready from getting photographs done to making my brand stand out. **Loved the work.**

**Team Bean Bag Planet**

We are known for making gorgeous and comfy bean bags for babies & children but on the digital end we were never really good, the team at **Surreal International** helped us pave the way for our **brand's digital launch** and ensured us to keep our **sales high** before, during and way after the **pandemic**, we're **grateful** we choose this team to be our **consultants**.
